# ŠKODA SUPERB ACCESSORIES

## **MAKE THE ŠKODA SUPERB YOUR SUPERB.**

The ŠKODA Superb isn't just a car. It's your calling card. Whether going to work, picking up the kids or at play, it makes an immediate impression. But like a stylish wardrobe, you can always build upon your Superb. Thanks to thoughtful ŠKODA Genuine Accessories you can customise your car according to your needs and deeds.

# MUST-HAVES FOR THE MUST-HAVE ŠKODA

These are our five hottest tips to individualise your new Superb while enjoying the three key characteristics of ŠKODA Genuine Accessories - compatibility, reliability and safety.

Pack all the skis and snowboards for your family vacation inside the spacious roof box.

Make your drive more enjoyable for rear passengers by equipping your car with the multimedia holder, which enables you to securely fit a device to the rear armrest or the front seat backrest.

If you like mixing elegance with sportiness, you'll love the 19" Supernova brushed light-alloy wheels.

Is cycling your first love? Is ŠKODA your favourite four-wheel brand? Then this ŠKODA bicycle is made for you.

Protect the door sills from damage by opting for the decorative yet practical door sill strips with backlight and Superb inscription.

# DESIGN AND SPORT

The Superb's crystalline design language lends it a distinct look that's as dynamic as it is elegant. But if you want to throw sportiness into the mix, the right set of wheels and accessories can give it a zippy allure.

# WHEELS

The light-alloy wheels from ŠKODA Genuine Accessories illustrate the combination of quality, functionality and aesthetics. They undergo the same testing as series production wheels, which ensures their high quality and operational safety.

During the development and testing stage every possible situation that may affect the car is taken into account. Using FEM – Finite Element Method, as shown on the simulated testing image of this light-alloy wheel, allowing us to detect imperfections in firmness far earlier before serial production. This enables us to achieve the maximum quality of ŠKODA Genuine Accessories products.

# DESIGN AND SPORT

Your attractive alloy wheels deserve equal care even when they aren't turning. Our set of covers makes it easier to handle them during transportation and storage. Not forgetting the interior, the stainless-steel foot pedal covers will lend it a sporty feel while perfectly complementing the decorative door sill covers.

# TECHNO LOGY

Your personal devices needn't sit idle during the drive. ŠKODA Genuine Accessories will multiply the connectivity options of your car so the whole crew can enjoy not just the drive, but the breaks too.

# INFOTAINMENT

Your new Superb gets on well with advanced technologies. So make the best of it! Needless to say, the higher the infotainment system level, the more interesting functions you can enjoy. Do you use a smartphone? Then get interesting car data via SmartGate. Do you go on long trips? The Fatigue Detection Assistant will be a perfect co-driver for you.

## UPDATE YOUR MAPS AND SOFTWARE

Our goal is to make your life easier and your trips a pleasure. To achieve this, we prepared a new Infotainment Portal for you, using state-of-the-art technologies. Visit <http://infotainment.skoda-auto.com>, enter your vehicle VIN code and see how easy it is. The system recognises which updates you need and offers you the chance to download them comfortably at home. If you buy a new ŠKODA vehicle or navigation system, you get free map updates of your Europe navigation database for three years.

## MAP UPDATES

Any road network is subject to ongoing changes, which means you must update the memory of your navigation system. This is the only way to travel securely to your destination every time, find the shortest route and enjoy your trip. For this reason, map updates save you time and money.

## COMPATIBILITY LIST

This application will display your external device (smartphone, tablet) compatibility with software functions of the Infotainment system (Bluetooth, SmartLink™ etc.).

## SOFTWARE UPDATES

Don't forget to update other software in your Infotainment system.

## MY DESTINATIONS

Through the MyDestination App you can set up destinations of your upcoming trip comfortably at home. Then you simply import the list to your navigation device. You no longer have to sit in your car while preparing your route. Controlling the navigation device is easier and more comfortable with this application.

### USB connecting cable

ŠKODA Genuine Accessories  
Mini USB (5JA 051 446H)  
Apple Lightning (5E0 051 510E)  
Micro USB (5JA 051 446J)

**SmartGate** enables you to connect your smartphone or tablet via the ŠKODA vehicle systems application, thus obtaining interesting operational data, such as how economic or dynamic your driving is, service information etc.\*

ŠKODA Genuine Accessories  
(3V0 063 218)

The ŠKODA Drive application supplies crucial information regarding the efficiency of your drive. The ŠKODA Drive

Portal widens the possibilities further by letting you manage information and monitor driving effectiveness and costs of multiple cars equipped with the SmartGate system.

Another application within the SmartGate system is the MFA Pro. It displays, in real

time, information such as acceleration, rpm, light settings and more, on your smartphone. The ability to record this information turns it into a 'black box'.

MotorSound

G-Meter

Performance

Service

### Fatigue Detection Assistant

At speeds from 65 to 200km per hour, the system evaluates data from the power steering sensors. When it detects behaviour that may indicate fatigue (such as more intensive direction corrections via the steering wheel), it sends an audible and visual signal to the driver, recommending to take a break.

ŠKODA Genuine Accessories  
(5E0 054 801)

\* For information on the conditions of use and compatibility of the SmartGate system, as well as for a list of ŠKODA applications and information about their availability, go to [www.skoda-auto.com](http://www.skoda-auto.com).

# COMFORT AND UTILITY

Your car will become your best friend and helper in any situation. Just equip it with the accessories that fit your lifestyle. For example, families with kids will appreciate practical elements for the luggage compartment. Or you can select from a range of Simply Clever details, which will please not only the driver.

# BOOT SYSTEMS

The new Superb features a generous luggage compartment. The products from our range can further maximise its practicality besides protecting the upholstery from getting wet or soiled.

**Front/rear mud flaps**  
ŠKODA Genuine Accessories  
front (3V0 075 111), rear (3V0 075 101)

## Holds and lasts

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5mm into the floor mat in both dry and wet conditions at an angle of 45°. The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

Heel test device

Testing of fixing element strength

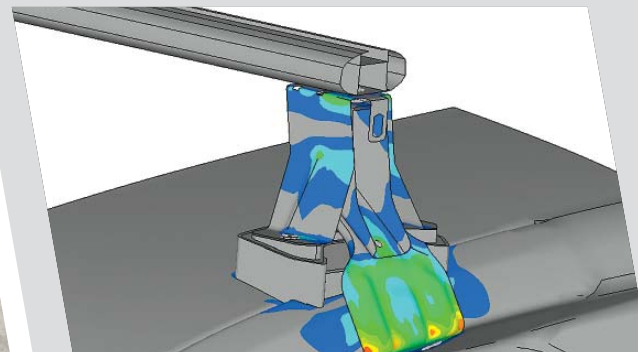

# TRANSPORT ATION

The new Superb enables you to transport large objects without ever compromising on the interior space. And what doesn't fit in the boot can easily be fixed to the roof. But what if you've got still more to carry? The cleverly placed tow bar and powerful engines are built for towing a trailer.

# ROOF RACKS HOLDERS AND BOXES

When you get the basic roof rack from ŠKODA Genuine Accessories, your car will transport almost anything. Other roof systems and carriers can be mounted to the basic roof rack, such as bicycle racks, ski and snowboard racks or boxes, luggage cases etc. The basic roof rack dimensions and shape are perfectly compatible with the Superb model. One hundred percent compatibility of the product with the vehicle eliminates problems with installation or use. You will also avoid potential safety hazards that may occur when using non-genuine accessories.

The racks undergo a number of demanding tests. Their resistance to corrosion, loading capacity, strength and durability are tested in various conditions, as well as the subsequent water tightness of the car after their installation. During the so called City Crash test, a rack loaded with 90 kg must remain on the car body under a force of approximately 12 G lasting for 50 milliseconds (impact simulation).

Do you want to ensure the maximum safety of your children in the car? The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

**Practical and variable**  
The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger's seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

**Perfectly verified**  
All child seats from ŠKODA Genuine Accessories comply with European safety regulations (EHK 44.04) and have passed a number of other tests. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

# CYCLING

## WE BUILT OUR FIRST CAR ACCESSORY BEFORE WE EVEN BUILT CARS.

The foundation of one of the world's oldest four-wheel brands was laid on two. Back in 1895, Václav Laurin and Václav Klement, the forefathers of ŠKODA, started their ambitious journey by producing some of the finest bicycles of their time.

While the brand evolved to create motorcycles, and eventually the cars that people have grown to love, we have never stopped paying tribute to our cycling roots. Whether it's our long-standing sponsorship of the Tour de France or creating cycling accessories to be enjoyed by our drivers, ŠKODA continues to show its love for the sport that started it all.
